**CANTERBURY NATURAL RESOURCES REGIONAL PLAN (NRRP)**  
Environment Canterbury Regional Council  
Scale 1:25,000 (on A3 Page)  
0 125 250 500 750 1,000 m

**Zones and other areas**

- Zone BP
- Zone DS
- Christchurch Groundwater Protection Zone
- Christchurch Groundwater Protection Zones 1A, 1B, 1C, 1D

**Water Quality Management Units and Water Quality Classes**

**Rivers\***

- Alpine - upland
- Alpine - lower
- Lake-fed
- Banks Peninsula
- Hill-fed - upland
- Hill-fed - lower
- Hill-fed - lower urban
- Spring-fed - upland
- Spring-fed - lower basins
- Spring-fed - plains
- Spring-fed - plains urban

**Lakes**

- Large high country lakes
- Small to medium sized high country lakes
- Artificial lakes - on-river
- Artificial lakes - other
- Coastal lakes

A river or artificial watercourse that is not identified on the Map Volume: Part 1 - Planning Maps shall have the same Water Quality Management Unit and Water Quality Class as:

- the river it flows into; or
- the nearest river in the same catchment, if it does not flow into a river.

Areas where the surface water quality and the beds of rivers are to be maintained in a natural state and water quality class NATURAL applies.

**Basedata and other units**

- Area covered by the Ophi River Regional Plan or the Waimakariri River Regional Plan.
- Rivers and streams\* with areas listed in the regional plans above.
- CMA boundary
- Local authority inland boundary
- State highways
- Roads
- Land parcel boundaries
- Open river bed

\*The representation of a stream or river centreline may not align with the ground path of an actual water body.
